Weekly/Monthly Expenditure Reports
MR-0-910/MR-0-940**

This is to inform you that the MR-0-910/MR-0-940 weekly/monthly expenditure reports, prepared by Electronic Data Systems (EDS), have been modified to include information on the line item expenditures pertaining to Healthy Families subscribers who are deemed financially eligible for CCS, assigned CCS aid code 9R (over \$40,000), and who have had services authorized and paid. These expenditures are reported under the heading "Funding Source: HF 65/35 SPLIT SVCS". The non-federal share of cost for these children are paid with state General Fund. This revised format provides the local CCS programs with information that can be used to identify and monitor the HF subscribers who have had TX and/or Therapy services authorized and paid. As a result of this change the MR-0-910/MR-0-940 weekly/monthly expenditure reports will now reflect this category as a separate subtotal. However, because this category is for county information only the expenditures displayed has no impact on the counties quarterly "Diagnostic, Treatment and Therapy Expenditure Claim".

If you have any questions about the changes made to these reports please contact your appropriate CMS Regional Office.
